Our membership plans
provide payments for
home health care services
in the comfort of your
own home.

What can a Member Plan do for me?

American Home Care Services

Our plans provide the coordination and payment for members to receive home health care in the comfort of their own home by a friend, loved one or a licensed Home Health Care Professional. Our Elite plans offer a wide range of options to fit members' needs and lifestyle. Our members may choose from 1,000 to 30,000 hours of home health care coverage. With options providing extended hours of care at the member's home, our plans provide the best chance to avoid a long-term nursing home confinement.

Affordability: Each Elite plan can be customized to fit our members' lifestyle and needs. Our members receive unmatched professional care by licensed home health care professionals for pennies on the dollar. Although the average cost for home health care is \$25 to \$30 an hour, our Elite members pay as little as 50¢ an hour for the same coverage, with the same agency!

Simple to use: When care is needed, our members can simply call the customer care hotline 24 hours a day, 7 days a week, to access our care coordinator concierge service. Our coordinators ease the stress and worries by taking the burden off our members' shoulders and making all of the arrangements for care in the comfort of the member's home with properly vetted licensed home health care professionals.

Does Medicare pay for home health care?

Unfortunately, Medicare provides a limited number of hours and days of home health care. To qualify, care must be prescribed through your primary doctor. Medicare provides skilled care ONLY and must be medically necessary! Skilled care does not provide what we need when it comes to daily living activities, such as meal preparation, grocery shopping, assistance with hygiene, dressing, grooming, 24-hour care, transferring from room to room or travel to the doctor's office.

Call today to find out what plan best fits your lifestyle and needs.

Additional Member Services

Life Choice™ Options:

Life choice allows the member to select either a traditional home health care agency or a family and friend to provide care. Either way, the membership will pay toward services such as dressing, bathing, toileting, cooking, cleaning, transferring, driving to and from doctors, laundry, medications, diet and food preparation, grooming, grocery shopping, hygiene, monitoring and much more. Simply call our Concierge Membership Coordinator with what type of service you prefer, and the coordinator will make all the necessary arrangements.

Health and Loyalty Cash Program:

As a member, you are rewarded with cash back for staying healthy! At the beginning of the sixth year renewal, AHCS will refund 50% of annual premium to each member who has been claim-free for the previous five years.

Paid Up Plans (Own it)

Our Home Health Care Member Plans are the only plans in AMERICA to offer a paid-up option. All other plans require ongoing membership cost/fees year after year, with no end in sight. Our plans offer the convenience of a paid-up plan for LIFE. You can either select the one-pay or 10-pay option, depending on your preference.
